6.0 Administration Unit

6.1 Introduction

6.1.1 Description of Unit
The Administration Unit provides for the direction and management of the facility. This will involve administrative tasks, interviews and meetings by a range of executive, medical, nursing and support personnel.

The level and range of facilities provided for general office and executive administration functions will vary greatly depending on the size of the proposed facility, the range of services prescribed in the Operational Policy Statement, and the management arrangements that will apply.

Provisions for the following administrative services shall be considered:
- Accounting and Finance
- CEO, General Manager and other administrative support staff
- Facility Management
- Human Resources and Payroll
- Education and Development staff
- Medical and clinical executive and support staff
- Nursing executive and support staff

6.2 Planning

6.2.1 Operating Models
The Administration Unit will generally operate during business hours. Meetings and functions being held after-hours will require access to be provided for both staff and visitors.

Depending on the size of the facility, Administration Unit may be provided as a single unit for small facilities, or as separate functional units grouped according to services (medical, nursing, education etc) in multiple locations for larger facilities.

6.2.2 Planning Models
Provision of daylight shall be maximised throughout the Unit especially for those who spend most of their working hours in a single confined space. Offices should be provided with external windows, where possible.

- General and/or individual office accommodation for appropriate clerical, administrative, medical and nursing personnel, if required; where possible, open-plan workstations shall be considered

- Meetings and conferences as required
- Staff and support areas including Staff Rooms and toilets

Clinical and Medical Services Unit
Executive Suite (may include Meeting/ Boardroom, Pantry, Waiting and Reception area)
Facilities Management Unit
Finance Unit
HR and Payroll Unit (Occupational Health and Safety staff may be included; Medical and Nursing personnel may be separate units)

6.2.4 Functional Relationships
