Room Name	Store - Accountable Drugs	Room Code:	STAD-SJ
<b>Net Room Area Briefed</b>	5.0 M2		
<b>No of Rooms</b>	1		
<b>Subtotal of Briefed Area</b>	5.00 M2		
<b>Hours of Operation</b>	24 Hours		
<b>Occupancy</b>	1 - 2 intermittently		
<b>Also covers these Rooms</b>			
<b>Description/ Special Requirements</b>	<p>The Store - Accountable Drugs is a strongroom for storage of accountable (Schedule 8) drugs and medications, located within the Pharmacy Unit. Refrigerated storage may also be required. The strongroom will require adequate ventilation and a gate door for security when the main door is open.</p> <p>Additional Design Considerations:</p> <ul style="list-style-type: none"> <li>- The strongroom should be independent of the rest of the building structure with no beams or columns passing through the ceiling, walls or floor</li> <li>- The ceiling, walls and floor should be constructed of concrete with a compressive strength of 70 m/p/a with either 1 cm thick tang bar or 1 cm thick reinforcing rods in three levels in a criss cross pattern. The ceiling, walls and floor should be a minimum thickness of 300mm.</li> <li>- The door should be torch and drill resistant, fitted with a combination lock facility incorporating duress features and an internal release mechanism in case persons are trapped within</li> <li>- A torch and drill resistant breather tube must be fitted, to comply with Fire Regulations</li> <li>- Security detection equipment should be incorporated into the alarm system, to detect any attack on the structure</li> <li>- A telephone should be installed for staff safety; the telephone should be concealed to restrict unauthorised tampering</li> </ul>		
<b>Amendment</b>	13.03.2014 - First Issue		

### Room Fabric and outline specifications

ID	Fabric	Material	Finish	Specification	Selection	Remarks
5140	Ceiling	Concrete	Paint	Acrylic
